

SPRING BREAK  
written by  
Zach Berston

JAKE and FREDDY walk onstage and sit down. Jake looks tired and Freddy looks absolutely fucking wired. Eyes darting back and forth and whatnot. He's seen some shit.

JAKE

Man I don't think I stopped drinking for a second. Hell, I don't remember a thing. Must've been a crazy spring break though!

FREDDY

(Shellshocked)

Yeah... crazy.

JAKE

Dude, I was so blacked out. I didn't hook up with any ugly chicks, right?

Freddy is looking at the floor.

FREDDY

No... no. NOOOOOOOOO!

JAKE

Jeez man. What's wrong? Did something happen in Mexico?

Freddy is lively again, but he's pissed.

FREDDY

Did anything happen? DID ANYTHING HAPPEN? Are you fucking serious? You don't remember a thing?

JAKE

Not a lick. All I know is we landed and I took 15 shots of Cuervo at the airport bar. Game over after that. Fill me in brah.

FREDDY

(Pissed)

Fill you in? Yeah I'll fill you in. How about we start with you almost getting us killed?

JAKE

What?

FREDDY

You stole cocaine from a street dealer! The cartel came after us?

JAKE  
Don't remember.

FREDDY  
You don't remember buying guns from a rival cartel and slaughtering 90 drug dealers in cold blood?

JAKE  
90? Maybe 20 or 30 but 90 is ridiculous. Plus, that's all that happened, and we're doing just fine.

FREDDY  
That is not... all that happened.

JAKE  
Don't tell me I macked on some ugly shawty.

FREDDY  
YOU WENT TO EUROPE!

JAKE  
Nah. I've never been.

FREDDY  
Well, now you have. You reunited the Balkan States and formed New Yugoslavia!

JAKE  
Sweet. I united.

FREDDY  
Not sweet. You undid the political outcome of World War 1. It shouldn't all be one country. The Euro is worthless now! Turn on the TV.

Jake clicks a remote and NEWSCASTER comes onstage, facing the audience. Jake and Freddy watch.

NEWSCASTER  
A young man has *stopped* the Russian invasion of Ukraine.

JAKE  
See? I did something good.

FREDDY  
Just fucking wait.

NEWSCASTER (CONT'D)  
... and he has claimed the entirety of  
the country in the name of... Iceland?

FREDDY  
You see?

JAKE  
Ah shoot. Bummer.

Newscaster leaves.

FREDDY  
Bummer? That's all you have to say  
after completely changing the  
political state of the world *and* the  
drug trafficking industry?

JAKE  
Look. You're having emotions right  
now. That's kinda lame of you, but  
it'll pass. Everything's fine and  
we're home safe and sound. At least  
nobody got hurt, besides those 90 drug  
dealers.

FREDDY  
Home? You think we're home?

JAKE  
What do you mean?

ICELANDIC SOLDIER walks in.

ICELANDIC SOLDIER  
We hope you are enjoying your new  
palace, Frahkka. Your polar bear den  
is nearing completion, dearest  
Frahkka.

JAKE  
What's going on?

FREDDY  
You established a religion called  
Frahkkism in Iceland after they made  
you president. You rule by divine  
right!

JAKE  
Cool. Wanna go to Miami next year?
